

**NOTE! – There was NO WAY a reasonable taxpayer – could leave feedback to the School District – until after the ECSD Board received this email from the ECT!!!!**

Mr. Brian Nolan,

We just received U.S. mail from the Eagle County School District.

It says “Board of Education seeks feedback on proposed mill levy override on November 2011 ballot”.

There isn’t any phone numbers, nor folks names (other than Smyser/Kincade) on their U.S. Mail brochure.

No emails nor phone numbers printed for the two folks above.

A quick visit to the District’s home page [www.EagleSchools.net](http://www.EagleSchools.net) DOESN’T REFERENCE ANYTHING that says “If you’d like to leave feedback, please click here”.

Just EXACTLY how does the ECSD want to receive their feedback? Wouldn’t it make sense to do this in some sort of organized fashion?

Please forward this email to ALL your peers on the School Board – and please ask them just how taxpayers are suppose to provide feedback (in some sort of an organized fashion?) to the tax issue the Board is currently addressing.

For the record – the EagleCountyTimes.Com had a friend call Mrs. Brian Nolan, to ask what ECSD board member Brian Nolan’s email address is – so we could provide some feedback.

If this is the preferred method of providing feedback to the ECSD board, please let the ECT know.
